

CVI – Strategic Operations Group : [Order_SOG]

Marine Technology Account [SOG_A_MT] : [Order_SOG_A_MT]

Marine Technology Portfolio [SOG_P_MT] : [Order_SOG_P_MT]

Opportunity & Vision:

●The Marine Technology Summary – Program & Project Logistics:

Vision and pro-active strategy is focused in on various specialized and mass market requirements for personal, recreation and commercial shipping industries that may be maximized for long term potential with highly diversified companies, products and services.

Explore & Discover:

● The Marine Technology Account Portfolio

1. design & engineering firms; including design, engineer, build & develop equipment, machinery, tooling & software for those applications.
2. metallurgy, marine alloys processing & technologies, r & d, sales & acquisitions.
3. composites, components, processing, materials, finishes, applications, sales & acquisitions.
4. electronics, components, assemblies, specialty equipment
5. navigation, communications, detection & sensing Equipment
6. controls & control sub-systems
7. engine & propulsion technology systems
8. component manufacturing & assembly, fabrication equipment & technologies, cutting, machining, welding systems & technologies, processing & treatment systems
9. auxiliary attachments & support structures, logistics
10. advanced projects: R & D including marine eco system clean-up and regeneration
11. fuels & propulsion research, fuel systems, energy systems
12. marine accessories, including clothes, gear, product development and marketing
13. private, commercial and other marine companies, merchant shipping & cruise lines
14. patent & licensing acquisition costs and other investments
15. docking, dry-dock and other specialty structures
16. ship, boat, submersibles, submarines, engineering & manufacturing companies
17. companies with primary marine related products & services
18. engineering hardware & software for CAD/CAM/CAE, CFD, FEA, multi-physics, prototypes & production tooling
19. oceanographic mapping, exploration, study, educational filming and promotion
20. strategic investments and acquisitions, bio-diversity preservation and promotion
21. ropes, sails, tackle, hardware and related fixtures, diving equipment
22. wood boat, sailboat, ship building projects, replica and new design
23. metal and composite marine craft
24. marine related material production, supply and logistics infrastructure
25. promotion, contribution to regattas, marine related tourism, eco and travel adventures
