What we really like...

- r Exclusive, exciting and incredible investment opportunities.
- r Business and financial engineering to optimize wealth producing power.
- r Industries, technologies, companies, products, jobs and careers that are really interesting.
- r Specialized portfolios: company, business unit, investment options, working share-owners.
- r Secure investments, active risk and liability management, sustainable profit, more choice.
- r Opportunities in advanced technology projects, engineering and manufacturing.
- r Buy and hold, flexible liquidity, cash flow generation, negotiable exit, solid value.
- r Private and secure communications.
- r Good solid well paying job and careers, national and local economic advantage.
- r Made in Canada, pro-manufacturing, nation building projects and opportunity.
- r Pro-active for entrepreneur and enterprise, industries, technology, products and services.
- r An idea whose time has arrived, the right thing at the right time with vision and purpose.
- r A mix of financial and non-financial investment and/or contributions.
- r The capacity to invest time, assets, resources and be fairly compensated for it in detail.
- r Co-operative enterprise, mutual consensus and agreements creating the future envisioned.
- r Private equity venture capital stockpile and deployment.
- r Innovative private company securities for more opportunity, options and reward.
- r Buying group and investment group network development and optimization.
- r Active management in a private self directed investment portfolio.
- r Representation on the board of directors, initial organizations and business combinations.
- r Consolidated or separate ownership, control and management structures.
- r Active hands on management and more comprehensive elements of contribution.
- r Generating a lot of value throughout an enterprise, creating opportunity and wealth.
- r Challenge and reward for the mutual benefit of our members and society.
- r Strategic enterprise development and integrated CVI-Options, accounts and portfolios.
- r Help other people achieve their goals, to learn, grow, succeed and create prosperity.
- r A chance to make a difference and contribute to a worthy cause.
- r Create and benefit from challenging and rewarding opportunity.
- r Have more creative free time available for the important things in life.
- r Rally the troops, cheer for our team, share our energy and enthusiasm with others.
- r Find more and better ways to get people to respond, get involved and be compensated.
- r Keep focused on the positive, constructive, optimistic, solid, practical and important things.

All this and more is available with the CVI-Options! If you will or have checked off what you do like, it will be an instant survey. We may find that we have many shared values and ideals!
